## Silent Auction Guidelines

1. In order to be valid, bids must have a **NAME** and **BID NUMBER** written legibly in the appropriate columns next to the printed Bid Amount of your choice on the bid sheet.
2. Bid amounts are pre-printed in valid increments on the bid sheet. Valid bids can be made at any printed Bid Amount higher than the previous bid. If the bid sheet is full, please see an auction monitor.
3. If you have a question about any auction item or the bidding process, please ask an auction monitor.
4. "Bidding wars" will be monitored. At the close of auction, competing bidders will be asked to write their best offers on a slip of paper. The process will be repeated until ties are broken.
5. Illegible bids or bids made with incorrect or missing information are subject to disqualification.
6. The **Silent Auction closes at 7:45 p.m.**
7. The highest bidder for each auction item will be the winner. The problem resolution team has final authority over all disputes.
8. All winners are notified personally at their respective tables. Payments can be made by **cash, check, Visa or MasterCard** anytime after notification.
9. Items may be retrieved at the pick-up station upon presenting a paid receipt. Please do not remove auction items from the tables.
10. Any amounts paid over and above the stated item values are tax deductible.
11. **All sales are final.** Items are sold **AS IS**. Within its limits, the description cards attempt to label each item accurately. JCCH neither warrants nor represents, and shall not be responsible for the correctness of description, genuineness, authorship, provenance or condition of the property of any auction item.
12. Restrictions may apply to the use or redemption of the auction item. General restrictions are indicated on the display card. It is the winner's responsibility to use the item within the limitations specified on the actual certificate, letter, or gift card.
